Dear U.S. Alliance for Elections Excellence,

It is with deepest regret that we are ending our membership and participation as a Centers for Election Excellence. The Forsyth County Board of Elections office will not be able to fully participate in all upcoming Alliance activities due to the immense amount of work and preparation needed to effectively administer the 2024 election cycle. We want to be respectful to the Alliance and to the other Centers who are wholly committed to this initiative and not take away from another elections office that could benefit from this incredible opportunity.

Thank you so much for the invaluable experience to share and learn from other election peers. It has been the utmost privilege to have been recognized as a Centers for Election Excellence and to be a part of the development of new standards that will enhance elections administration practices and promote fair and impartial elections across the country. I wish you continued success.

All the best,
